

SUCCESS STORY

SJVN Foundation and Nathpa Jhakri Hydro Power Station are determined to double the income of the farmers of the project area under the enthusiastic policy of the Government of India and Prime Minister Mr. Narendra Modi.

For this purpose, farmers were sent from Jhakri and other project areas for training in skill development at Nauni Agricultural University about two and a half years ago. The results of this endeavour are now coming out to the surface.

After training, Shri Sundar Lal Bhandari, a farmer of Jhakri, brought advanced pomegranate saplings from Nauni University. Today, after two and a half years, their hard work paid off and these trees have started bearing fruits of better quality. In this way not only their income has increased but Shri Sundar Lal ji has also developed a strong identity in the society.
